Event: "Moonrise" Landscape Quilt Workshop
Location: Beachplum Quilters Guild of New Jersey
Date: Saturday, February 22, 2014, 9:00 am - 2:00 pm

In this hands-on workshop, students will create the "Moonrise" landscape art quilt, featuring beach dunes with grasses, ocean, and a moon rising at sunset. Participants will complete the top of the wall hanging, which features our signature "free angle" piecing technique and fused appliqué. "Moonrise" finishes to approximately 18"x24". The class includes a demonstration of mounting a wall hanging on a canvas frame.

Students must bring: a sewing machine, thread (neutral colored tan-grey recommended), scissors, marking pencil, pins, small ruler. Other items that can be helpful if you have them: a walking foot (dual feed foot), appliqué pressing sheet, ironing surface, small iron. Please bring a bag lunch.

Instructors: Jan and Gary Fulton
